

# Health Care Center

The Healthcare Center at Worthington Christian Village has one of the best reputations in Ohio for quality care and is consistently rated high by Medicare. Licensed and state-certified, the Health Care Center provides both rehabilitation, known as skilled nursing care, and long-term care residency. Our daily, comprehensive rates include personal care and attention 24-hours a day with intermediate and skilled nursing services. We are a Medicare and Medicaid-certified Health Care Center.

*Accepted forms of payment: Medicare (Skilled) Medicaid (Long-Term Care), Private Pay, Third Party Insurances, Hospice*

# Health Care Center

All short-term rehabilitation rooms are single occupancy. Long-term care rooms are private or semi-private. Each room includes a bed, bedside table, nightstand and armoire. (TV stand, TVs, and recliners are provided in short-term rehab rooms.)

Each room has a bathroom with toilet and sink. Residents are escorted by staff to our spa room for showers.

## The Health Care Center at Worthington Christian Village consists of:

### Skilled Rehabilitation Services

Whether an acute illness, injury, or surgical procedure, short-term rehab focuses on establishing the prior level of function that allows you to return home. Our short-term rehabilitation rooms are private and feature large windows and an abundance of natural light. Physical, Occupational, and Speech Therapy services are offered on-site as well as a number of visiting physicians and other medical professionals. Even if you're with us for just a short time, you have access to personalized activities, life-enrichment programs, and scheduled outings. Supporting patients and their family, our goal is for you to reach your highest level of independence.

### Long Term Care

Our long-term care rooms are either private or semi-private and include the same quality service provided to our short-term care residents. The Village utilizes a "neighborhood care" nursing system where our nurses and nurse aides work in the same wing each shift to provide you or your loved one with knowledgeable personal care and a sense of comfort and security.
